Evangelism

During the spring and summer our camp host mission groups from all over the state of Texas and the country. These mission groups come ready with a willingness to serve and a heart to love. Above you see a young man sharing his testimony as the kids do a craft at VBS.

Below you see that you can have Vacation Bible School outside or inside. Even though the summers in the Rio Grande Valley are hot, mission groups are willing to sacrifice their comfort to share God's love. God is calling your church to be mission minded so come on down to do mission work in the valley or in the Mexican border we would love to host your mission group as you work in the mission fields.

Above you see you men installing a window. Middle, these teenagers are painting the outside of a house. Below a mission group build a small home in Mexico for a needy family.

Evangelizing that is what a mission trip is all about sharing the love of Christ.

Sports Camps are fun and a great opportunity to minister God's Word.
